Eko Club Atlanta (ECA) Mission and Background

Ibrahim Olokodana
President,
Eko Club Atlanta Inc

Eko Club Atlanta was incorporated in 2001. The organization was established by Lagosians (US citizens of Lagos, Nigeria descendants) living in the metro Atlanta area. Eko Club Atlanta is one of 13 Chapters of Eko Club International around the world, and registered in the State of Georgia as a nonprofit organization.

Eko Club Atlanta seeks to provide humanitarian assistance to the poor, the needy, and the underprivileged in our communities here in Atlanta and in Lagos, Nigeria. Part of our mission is also to positively impact our institutions of higher learning and the health care system in our community here and in Lagos through our community projects geared towards these sectors.
